Regeneration Community Services is a registered charity which has been providing housing and support services to people recovering from mental health and addiction issues in Toronto since 1977. We help our members to engage in the community and part of our support for their recovery is promoting their involvement in music and the arts. Our members think of us as their family.

The Toronto All-Star Big Band is one of the hottest big band groups around. They revive the spirit, style and sound of 1930's and 40's – that golden age of the big bands. Armed with brilliant programming, slick choreography and witty cultural nostalgia, this vibrant cast of awesome young talent has earned its position at the top of the list of presenters around North America.
